

NOTICE TO MARINERS

No 18 – 2023

HARBOUR AND PORT OF MANCHESTER

TEMPORARY CLOSURE OF MEDIA CITY BRIDGE

NOTICE IS HEREBY GIVEN that Media City Bridge cannot be swung open to allow the passage of vessels.

Whilst this restriction is in place, vessels of suitable size may navigate under the bridge whilst it is in the closed position. The clearance between the underside of the bridge in the closed position and the normal water level of the Ship Canal (which fluctuates from time to time) is **4.77m between the two fixed amber lights exhibited from the bridge span.**

Mariners intending to navigate under the bridge must satisfy themselves that there is sufficient clearance for their vessels to pass safely and must proceed with all due care and caution. Furthermore, in the case of vessels meeting (i.e. proceeding in opposite directions) in the vicinity of the bridge, an inward-bound vessel should give way to an outward-bound vessel, unless agreed to the contrary by the Master or Pilot on board each vessel.
